Commissioner Nunez moved to approve the November 6, 2019 Planning Commission meeting minutes, seconded by Commissioner Schwartz, the motion passed by a 5/0 roll call vote of the Planning Commission.

4. PUBLIC HEARINGS

A. NEW BUSINESS

B. OLD BUSINESS

1. ORDINANCE NO. 622: An Administrative rezoning request for the 9.5 acre property located at 1351 N. Volusia Avenue, and identified as parcel number 8003-00-00-0700, changing the zoning classification from Volusia County Commercial General (B-4) and Urban Single Family Residential (R-4) to Orange City Commercial General Restricted (CG-1) and Low Density Residential (R-1).

Neysa Borkert, City Attorney, read the title of Ordinance No. 622 into the record. She advised that this was a quasi-judicial public hearing and asked the Commissioners to disclose any ex-parte communications on this matter. She noted, for the record, there were no disclosures.

Ms. McFarlane, City Planner, provided a PowerPoint presentation (a copy of which is attached and becomes a permanent part of these minutes). Ms. McFarlane reported that the City is required to change the above property from a County zoning to a City zoning classification. The Ordinance has been previously presented to City Council and the Planning Commission requiring the final zoning classification. Council previously voted to change the Future Land Use Ordinance No. 621, creating a
split in the property with the east half designation as Commercial General and the west half as Residential Low Density. Ms. McFarlane provided a brief history of Ordinance No. 622.

Ms. Borkert clarified the previous public hearings pertaining to the Ordinance.

Ms. McFarlane explained that staff previously recommended the MX-2 zoning as opposed to the CG-1 or R-1 when Ordinance 621 proposed Commercial General Future Land Use for the entire property. However, City Council applied a Future Land Use designation of half commercial and half residential, and the rezoning must be consistent with the Future Land Use.

A discussion ensued between Commissioner Nunez and staff pertaining to Council’s decision and recommendation, building homes on the property and the impact to the City, zoning designations, and clarification of the zoning areas.

Ms. McFarlane stated that staff recommends the Planning Commission find the Official Zoning Map amendment consistent with the rezoning review criteria and forward Ordinance No. 622 to the City Council with a recommendation of approval, with the following condition:

1. Ordinance 622 cannot be finalized until Ordinance 621, amending the Future Land Use of the property to Commercial General, CG, and Residential Low, RL, is also approved. First reading tentatively scheduled for January 14, 2020.

Chair Laputka opened the floor to public comments.

Robert Wilkinson came forward to voice concerns about the conditions of the property, and the impact on the environment that potential development could cause.

Sarah Schwartz, 317 W. Wisconsin Ave., came forward to voice concerns about development throughout the City.

Amy Briggs, 245 W. Wisconsin Ave., came forward to voice concerns about all the development in the City. She also inquired about the land use requirement for the front part of the property that faces 17-92.

Ms. Mendez clarified the Future Land Use.

Valerie Dunton-Grube came forward to petition the Planning Commission to approve a zoning that would create a zoning designation desirable to buyers. She noted that decision would ease the pressure off of the family.

Commissioner Mazzie asked for clarification of the current zoning designation.

A discussion ensued addressing the resident’s questions and concerns.

Commissioner Kihlmire moved that based upon competent substantial evidence as presented, the Planning Commission finds Ordinance No. 622 consistent with the Comprehensive Plan with the condition outlined by staff, and recommends forwarding to the City Council, seconded by Commissioner Mazzie, the motion passed by a 4/1 roll call vote of the Planning Commission with Commissioner Nunez voting “no”.
